

Outcome-Based Programs

Presenter: Marie Gress, LMSW-Macro at Kovir LLC

Wednesday, July 14, 2021

10:00 AM – 11:30 AM EST

Online

Cost: \$25 per person

This session is a crash course in designing your next innovative program or service. Building programs and services that are outcome-based includes intentional program development and thoughtful evaluation. Our method ensures your program is as successful as possible for your organization and your clients. The dimensions of outcome-based program development we will cover include:

- Logic Model
- Goal & Objectives
- Budgets
- Evaluation

We work with you to make a sustainable program and use the SMARTER framework to support your success.

To register, please complete the information below and mail, with payment, to:

Michigan Association of Senior Centers, P.O. Box 235, Milford, MI 48381
